LOCAL MANAGEMENT PLAN: Consistent with the cooperative agreement between the National Park Service and the Appalachian Trail Conservancy, this plan meets the guidelines of the *Comprehensive Plan for the Appalachian National Scenic Trail* and the *Local Management Planning Guide*.

By the signature below, the NPS Superintendent's Compendium of Orders is implemented on any lands that have been purchased by the A.T. Park Office and not administratively transferred to the U.S. Forest Service or other unit of the national park system, thus promulgating camping and fire restrictions as described in the Superintendent's Compendium.

**Appalachian National Scenic Trail Park Superintendent**

\* The RPC chair may "opt-out" of review and approval of minor local management plan amendments, new side or connecting trails or construction of overnight facilities. This decision will be made by the RPC chair in consultation with the club or agency partner making the proposal and the ATC regional director.
