

# ESSENTIAL MAINTENANCE MODULE

# A.T. CONDITION ASSESSMENT REPORT FORM (SAMPLE)

Person Completing Trail Assessment: \_\_\_\_\_ Date of Assessment: \_\_\_\_\_

Trail South End of Assessment Area: \_\_\_\_\_

Trail North End of Assessment Area: \_\_\_\_\_

This form (or one like it) helps plan for needed work on the A.T. Based on your training, identify issues with the treadway, trail structures, or trail facilities. Place a "X" beside items that you think you might be able to handle based on your level of training after consultation with your A.T. Supervisor.

## Trailway Issues

Erosion – Standing Water/Mud – Narrow Trail – Trail Creep

Treadway Issue and estimated linear feet	Location of needed repair / Lat-Long

## Trail Structures

List Treadway Structures in need of replacement or repair

Structure (number and type)	Location of needed repair / Lat-Long

## Trail Facilities

Related to shelters, camping areas, privies, bridges, and parking areas, describe any observable facility concerns or issues in need of attention.

Facility Name	Description of Issue

## Visitor Impacts

What visitor impacts should A.T. managers be aware of?
